It's a new season and a new year! We are excited to see what God has in store for the new year. We are hoping to see an increase in your life as well as an increase in the lives of those that we rescue. God has been doing great things this past year but we know that God will do even greater things in the future. Pray for us as we seek to

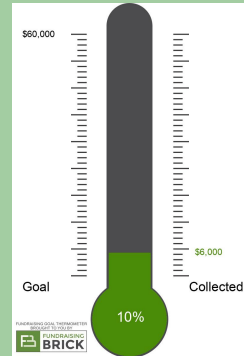

rescue more children this year. There are many children that are in trafficking and many that are at risk of being trafficked. Please join us in prayer and support us to rescue more children. These are God's people in bondage and they need help to bring them into their Promised Land.

Donate

Thank you so much to our donors. So far this year we have been able to raise 10% of our yearly budget and 7% of our goal for a new house. We thank God that He has given us you to help us reach the needs of the children we rescue. We are excited to see what the future holds! The children send their love and thanks! Thank you for your continued support!

Meet Yipsee

Yipsee is one of our girls that will be ending middle school and starting her journey in high school. She loves languages, especially English and Korean. She wants to be really good at English and wants to help people. She is still deciding on what she wants to do after high school but she has talked about being a translator or a teacher. She also has a sister that is with us named Maggie. Both of them were found digging through the trash for food. They had tattered clothes and they were malnourished with no smiles. Their father, who has many wives, wanted to sell them for drugs but before he could God allowed us to rescue them. Yipsee is the top in her class with a 4.0 GPA and loves the Lord. She is thankful for the support from the USA and hopes she can visit soon so she can give all of her supporters a hug.
